Twenty-Third Anniversary Celebrated by Congregational C. E. Society-

The Congregational Christian Endeavor society celebrated its twenty-third anniversary on Monday evening, holding a social in the vestry, to which the church was invited. A very pleasing programme was given. There was a piano solo, Russian Romance, by Fr. Danum, op. 5c. played by Miss Marian Paul; reading, The Three Lovers, Will Carleton, read by Mrs. George W. Robinson, and a solo, Roses, by Miss Elizabeth Beardwood. Mrs. E. A. Faust read a number of short sketches, among them a short story by Abraham Lincoln. Donald G. Bliss sang a solo, A Memory, and a song by Mrs. F. E. Robinson's Sunday school class entitled Lullaby and Good Night. The accompanists were Mrs. E. H. Hiscox and Miss Elizabeth Beardwood. Dr. G. H. Jennings was present and recalled the first meeting of the society, at which he was present, although on account of his duties he did not become a member. Various features of amusement were enjoyed, and refreshments were served. The celebration was in charge of Miss Pearl Gane and the members of the social committee. The room was decorated with daffodils.

How Citizen Frink Views It.

Mr. Editor: I trust you will find space in the columns of The Bulletin for me to say a few things regarding what I believe to be for our common good as citizens of this Rose of New England. "Sink or swim, survive or perish,

some among us seem to be grievously afflicted with the germ which may be called water-bug, and notwithstanding the indebtedness of over one million (\$1,000,000) dollars that like a terrible (\$1.000,000) dollars that like a terrible incubus rests upon us, are bound, if possible, to sadde on to us more than \$300,000 for the privilege of carrying through their pet scheme, hatched out in 1902, and called the Stony brook reservoir. As a taxpayer, and not as a politician, it is my profound conviction that we now have all the water system this city will really need for a generation to come.

system this city will really need for a generation to come.

With the addition that our new plant at Trading cove brook is able to supply, there is no necessity of going to the extra expense of \$300,000 at the present time, and especially before we have made any trial whatever of our new acquisition at Trading cove brook. If we had no debt resting upon us, it might be the case that we could afford to let those who wish to dig in the mud at Stony brook to exercise themselves. But in view of our present financial situation I have no hesitation whatever in saying that all such planning, before we have made a fair trial of Trading cove brook, is not in accord with good sound business principles, and is not according to the desire for economy which should find a place in the minds and hearts of those elected to serve the best interests of this city. I say, let us vote it down.

Respectfully submitted for the consideration of our voters.

sideration of our voters. P. S.—Should the time ever come when more water will be needed beyond what our present resorvoir and Trading cove brook can furnish, I am told by those who know that Bowen's brook, at the north of us, can be turned into Bog meadow for almost nothing—and if that is not enough, what is the matter with our artesian wells? Can't we lay a 24 or 30 inch pipe line to those and deluge the highest parts of Lanman's Hill and flush out our jail if necessary? Just think! Selah. L. W. F.
